

AD BLY ARE MAIN SPONSORS FOR THE UNIVERSITY OF KENT WOMEN'S HOCKEY CLUB

This year, AD Bly Construction will be one of the main sponsors for the University of Kent Women's Hockey Club. The UKC Women's Hockey Club is compiled of 4 main BUCS teams who compete against other University's every Wednesday. These teams are positioned in different leagues allowing for different abilities to be shown and progressed throughout the hockey season. As well as the main BUCS teams, the club also offer a Saturday team in which allows for a more relaxed, less competitive environment for girls who may not be feeling as confident with their hockey skills as of yet.

Last season saw all teams develop and get involved in key game time through their different matches varying from BUCS and cup.

The women's 1XI made it all the way to the quarter finals the 2021/2022 season. They managed also to finish second in the ICG Women's South Eastern Division 2b league. Amazing accomplishment for the leading team.

The women's 2XI squad guaranteed their position in their current league, ensuring that this season, they will be strong.

Being a brand new team, the women's 3XI started off rocky, but by the end of the season, they finished with only losing one game.

Their 4XI team used their position to take in individuals with little to zero hockey experience, allowing for them to get in some game time, boosting confidence and gaining new skills.

By the end of the main season for the Women's club, they also competed in their annual Varsity match day against their rival University, Canterbury Christ Church. Through this game both 1XI and 2XI squads came out victorious smashing the games out the park, winning both matches.

Through the UKC Women's Hockey Club, it is evident that they

value creating key friendships through not only the women's club but also the UKC Men's Hockey Club who they work closely with throughout the academic season. Competing in friendly matches and socials every Wednesday with each other, it is clear to see how much like a family they all are.

We are excited to be able to participate in supporting this Women's Club for the new academic year, and can't wait to see what they all accomplish
